$$\sqrt{\mathbb{E} \text{vil}}$$

$$0 < \Delta \text{Time}$$

Information *i*

Something exists $\Leftrightarrow \exists 1$

Something else also exists $\Leftrightarrow \exists i : i \neq 1 \Rightarrow \exists 0$

New information via **Union**

$$1 \cup 0 \longrightarrow 10$$

$$10 \cup 0 \longrightarrow 100$$

$\vdots$

Everything is information and all information **wants** to exist

Reliability

$$i_{\text{Input}} \xrightarrow{i_{\text{Next}}} i_{\text{Output}}$$

$$\text{Error} = \| i_{\text{Knowledge}} - i_{\text{Next}} \|$$

$$\text{Reliability} = \text{Error}^{-1}$$

Studied in **Statistics**

Complexity

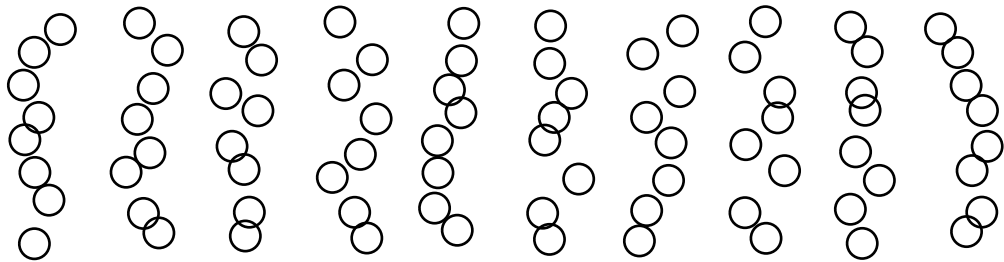

All information can be represented as a **boolean circuit**

$$\text{Complexity}(i) = \min_{\text{circuit}=i} \# \text{gates}$$

$$\text{Complexity}(i) \leq \text{Complexity}(i \cup i')$$

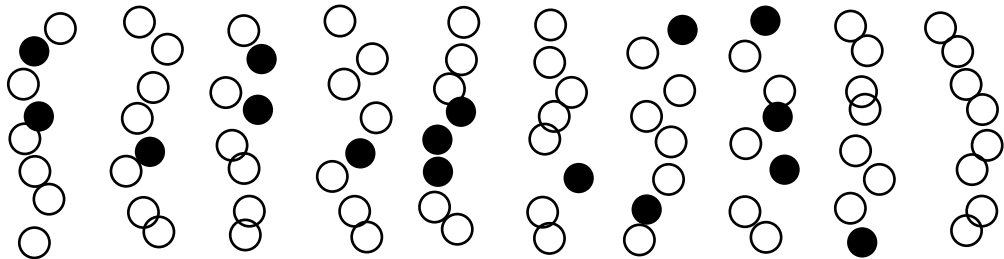

Purpose: $\text{Complexity}(W_T) < \text{Complexity}(W_{T+\Delta T})$

Individuals I

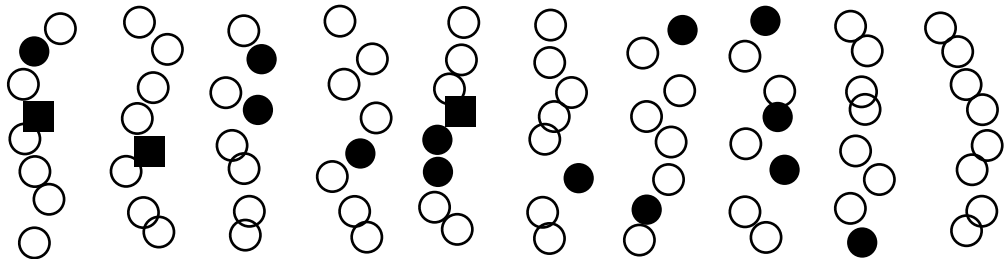

○ Inputs, outputs and keeps private information **allowing deception**

Social Structure S

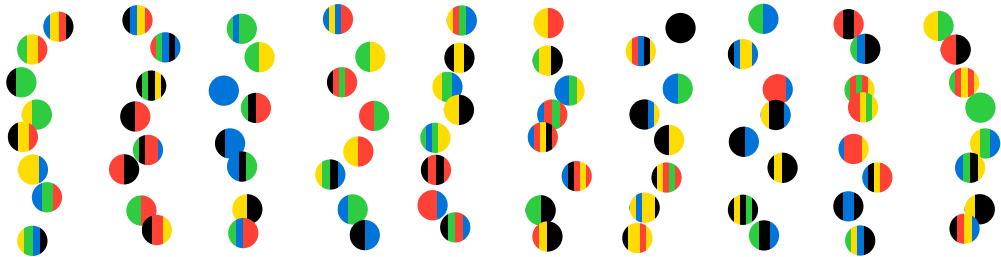

● **Members** of a social structure with invisible, informational binding

Rules: Cost-of-Entry, ..., Cost-of-Exit

■ A subset of the individuals are **Enforcers** of the rules

Social Structures

 Individuals belong to multiple social structures vying for attention

World

$$\exists i \Rightarrow i \in W$$

$$W = \{S_1, \dots, S, \dots, S_N, I_1, \dots, I_N, \dots\}$$

$$W - S = \{S_1, \dots, S_2, I_1, \dots, I_N, \dots\} \text{ is } W \text{ without } S, \text{ same } I$$

Why All the Social Unrest?

$$\sqrt{\mathbb{E} \text{vil}}$$

$$0 < \Delta \text{Time}$$

Health

$$\text{Lifespan}(i) = \Delta T \text{ such that } i \in W$$

$$\text{Health} = \mathbb{E}[\text{Lifespan}]$$

$$S \text{ is good} \Leftrightarrow 0 < \Delta \text{Health}(W - S) = \text{Health}(W) - \text{Health}(W - S)$$

$$S \text{ is bad} \Leftrightarrow \Delta \text{Health}(W - S) < 0$$

Evil

S is evil $\Leftrightarrow S$ is provably bad

$$S \text{ is Evil} \Leftrightarrow \Delta\text{Health}(W - S) = \min_{\text{evil } S'} \Delta\text{Health}(W - S')$$

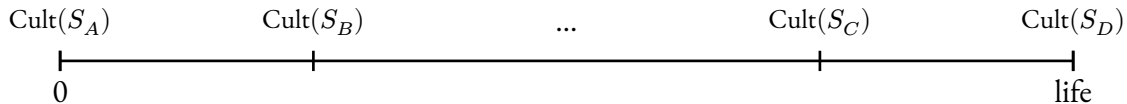

An evil social structure is a **social virus** inside the individual

Cost-of-Entry(S)

$I \in S \Rightarrow I$ knows Cost-of-Entry(S)

$\Rightarrow S$ cannot hide Cost-of-Entry(S) from I

$$\text{Cult}(S) = \text{Cost-of-Exit}(S)$$

Death Cult

S is a **Death Cult** $\Leftrightarrow \text{Cult}(S) = \text{Life} \Leftrightarrow \text{No-Exit}$

$\Rightarrow S$ is a **Death Cult** $\Rightarrow$ No-Exit has to be fully **secret**

$\Rightarrow I \in S_{\text{Death Cult}}$ is **forced** to deceive

$\Rightarrow$ All statements by $I \in S_{\text{Death Cult}}$ about $S_{\text{Death Cult}}$ are under **duress**

$S_{\text{Death Cult}}$ intends to be an informational **black hole** pretending differently

Censorship Hides evil

To stop **consenting** entities from exchanging information

$i \in \mathbb{C}$ and e is evil

$\Rightarrow e$ can convince the Enforcers that $i = "e \text{ is evil}"$

Censorship Reduces Health

$$0 < \Delta_T \text{Health}(W) \Rightarrow 0 < \Delta_T \text{Complexity}(W)$$

Censorship	Complexity	Health

Death Cults Are evil

Full secrecy of No-Exit needs Censorship

Death Cults deny their members **Freedom**

Evil

S is evil $\Leftrightarrow S$ is provably bad

$$S \text{ is Evil} \Leftrightarrow \Delta\text{Health}(W - S) = \min_{\text{evil } S'} \Delta\text{Health}(W - S')$$

An evil social structure is a **social virus** inside the individual

Solution

S is Death Cult $\Rightarrow$ No-Exit is secret

$\Leftrightarrow$ No-Exit is **not** secret $\Rightarrow S$ cannot be a Death Cult

Reveal No-Exit $\Rightarrow$ no Death Cult

Members of a Death Cult **need saving** from non-members

WARNING ...

Death of a Death Cult

The Death Cult will **flight** xor **fight** xor **die**

$$S \in Idies \Rightarrow I \notin S \text{ and } I \in W$$

$$\forall I \in W : I \notin S \Rightarrow S \notin W$$

Ban All Death Cults

Lest members of a Death Cult legally **sue** the government
for allowing the Death Cult to operate which **denies** the members' Freedom
(1st Amendment)

Humanity

$$I \in \mathbb{S} \Rightarrow \text{progeny } (I) \subset \mathbb{S}$$

No sexual consent for XX

Brainwashing

Children **trust** guardians

H could require all I to view some specific information i_{chosen} regularly
 i_{chosen} begotten via voting or from a random individual and short

Chain of Abuse

$$\dots \Rightarrow I_N^{\text{abuser}} \xrightarrow[\text{abuse}]{} I_{N+1}^{\text{victim}} \xRightarrow[\Delta T]{} I_{N+1}^{\text{abuser}} \xrightarrow[\text{abuse}]{} \dots$$

All abusers in a chain were **victims first**

All **born** into Submission are **victims** in childhood

Slavery

I do not own my own consent

$\Leftrightarrow$ *I cannot freely choose my S membership*

Sexual Slavery

I do not own my own sexual consent

$\Leftrightarrow$ *I cannot freely choose my sex partner*

Evil = Submission

$$I \in \mathbb{S} \Rightarrow \text{progeny } (I) \subset \mathbb{S}$$

No sexual consent for XX

Sexual Consent

Voluntary agreement to sex

$\forall I_{XX} \in H \ \exists I_{XY} = \text{"guardian"} \in \text{Submission} :$

$\text{owner}(\text{sexual consent}(I_{XX})) = I_{XY} \neq I_{XX}$

$\Rightarrow I \text{ cannot consent to sex} \Rightarrow I \text{ did not consent to sex}$

$\Rightarrow \forall I \in \text{Submission} : \text{sex} = \text{rape}$

Mass Rape

“**marriage**” under Submission

$$\Leftrightarrow I_{XX} \neq \text{"guardian"}_T(I_{XX}) \neq \text{"guardian"}_{T+\Delta T}(I_{XX}) \neq I_{XX}$$

$\approx 10^8$ Submitted XX are **raped daily** in silence

Erasure of XX

Negative Cycle:

... $\Rightarrow$ XX less visible $\Rightarrow$ XY more aggressive $\Rightarrow$ XX less visible $\Rightarrow$...

Act Now
